Reel Grinder Tune Up

Starting at

$1,750 INSTALLED

Part # A09598

Tune-Up Kit installed includes:
- Grinding stone
- Sleeve and nut
- Traverse fork complete with ball, bush, & seals
- Traverse pickup
- Set of die springs for feed columns (on machines without counters)

‹ Tune Up Kits also available for purchase through our Parts department ›

Your grinder is a vital piece of equipent that can't afford down time...make it part of your regular maintenance program!

- Play in the sleeve and nut?
- Chatter/noise?
- Lateral play?
- Choppy look in the grind on your reel?

All of these signs and more can be indicators that your grinder needs the Bernhard tune-up kit. Prevent traverse chain from stretching or breaking with proper cleaning of the main shaft - including the keyways and the whole set of traverse transfer parts.

BERNHARD

Sports Turf Equipment Maintenance Agreements

Finch Advantage *Plus* Maintenance Agreements

Our Sports Turf Maintenance Agreements were designed with your turf in mind. We understand what is needed to keep your equipment in peak operating performance and we know that proper adjustments directly affect the health of your turf.

Our convenient on-site **Maintenance Agreement Plus** programs bring the service to you ... schedule maintenance when you want it done!

•On-site, in-field, and throughout-the-season support

•Ongoing inspection & adjustment with our Machine Optimization Process

•Includes all the benefits of our standard agreements including the opportunity for annual equipment service by our factory trained and certified technicians!

What does this mean for you?

- Convenience
- Planned/budgeted maintenance costs
- Improved cut quality from mowing equipment – reducing turf stress
- Reduced downtime from unexpected and expensive repairs
- Safer machine operations
- Education on machine adjustments and their relation to your current turf conditions
- Education on reel quality and rotary blade condition's impact on turf health
- Peace of mind!
